No 1, Year 28

April 2022

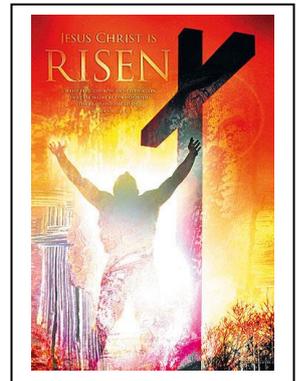

Our children are always happy to have their photo taken. Here just a few who could fit on a close-up photo.

Warm greetings to you all, wherever you are, from our entire tribe here in Living Waters Village in the heart of this wild island called Borneo. A new year has commenced and we are already well into the second quarter of this year. How time flies. When we look at all the heart wrenching disasters going on currently around the world; wars, floods, pestilence, food shortages, massive price increases etc., we realize how fragile our existence is. It doesn't take much for a disaster in one part of the world to have a disastrous ripple effect on the rest of the world due to us being so linked and intertwined with each other. On the other hand, it does give us many more opportunities to get instantly involved in a practical way, searching together for meaningful solutions, praying fervently for the Lord's miraculous divine intervention and helping in whatever practical way to lighten the burden for our fellow human beings. As Christians we know that time is running out, we are often reminded that we are in the last of the last days hence we need to make the most of every opportunity. Not to hide (as some are suggesting), but instead quite the opposite, to be a bright light shining the love of Christ where God has placed us in this world, now more than ever. Not squandering our time and resources but to use them wisely to help show people the way to Christ Jesus our redeemer.

every opportunity. Not to hide (as some are suggesting), but instead quite the opposite, to be a bright light shining the love of Christ where God has placed us in this world, now more than ever. Not squandering our time and resources but to use them wisely to help show people the way to Christ Jesus our redeemer.

A huge thank you to all of you who are helping us to shine for Jesus to the tribes living in the darkest places on this island, places riddled with grotesque occult practices which entangles tribe members of every age; trapping and imprisoning them to a life of constant fear and superstition, severe poverty and endless evil practices enforced by the local witchdoctor. Your faithful involvement is helping tribal people of all ages to meet with their Creator, setting them free from all bondages and giving them, like all of us who walk with Jesus, an abundant new life.

The way to receive salvation is so simple that any person who wants to can understand it. Skill and wisdom do not get a person into God's Kingdom but simple faith does. So no one can boast that personal achievements helped him or her secure eternal life. Salvation is totally from God through Jesus' death. There is nothing we can do to earn our salvation; we need only to accept what Jesus has already done for us.

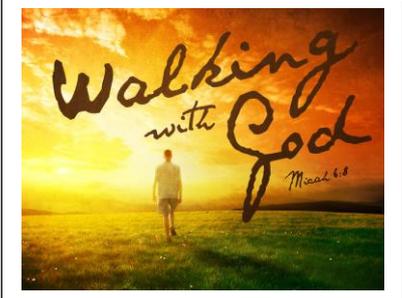

Our Repa.

All who welcome Jesus Christ as Lord of their lives are reborn spiritually, receiving new life from God. Through faith in Christ, this new birth changes us from the inside out – rearranging our attitudes, desires, and motives. Being born makes you physically alive and places you in your parents' family. Being born of God makes you spiritually alive and puts you in God's family. Have you asked Christ to make you a new person? This fresh start in life is available to all who believe in Christ.

Living Waters Village family happenings.

A number of new children have arrived since our last newsletter. They have settled in well and are enjoying their new home. It's wonderful to see how they are physically improving each day as a result of a wholesome, healthy diet and how they are growing spiritually, getting to know God by learning to walk with Him every day.

Our Kezia.

A few more babies have been born, our beautiful Kezia daughter of our Samuel and Yulmika. Yulmika had to have a caesarean most likely because the baby was 4.1 kg. That is huge for the locals here.

Also our Elisabet, wife of our Yosep, gave birth to a beautiful daughter named Shine. Both mum and daughter are doing great.

Our Shine.

Our Rosi and Paul announced their engagement. Paul is from the United Kingdom and had visited us several years ago with his family, and together they helped our village a lot. Paul received a real touch from God while here and before going back to the

UK, was water baptized. And he also fell in love with our Rosi and they started corresponding with each other. Last December he came over for a while and proposed to Rosi. They celebrated their engagement in Rosi's village where Paul was introduced to the rest of her extended family. Paul is returning next month and they will get married in August and continue to serve the Lord

here. Please pray with us for their wedding plans and their new life together soon. It's amazing how the Lord works, particularly when we surrender everything to Him.

Our Rosi & Paul planning to tie the knot.

Our Mandis married our Eta. They had their wedding in Eta's village and had a wonderful day. Only a

Our Mandis & Eta.

few people from our ministry could go over to celebrate with them. Mandis & Eta decided to leave Living Waters Village and live with Eta's family so they could be cared for, which is fantastic of them. We miss them very much but are so very grateful that the Lord is using them there.

For those who know Christ, you may believe that you have to work hard to make yourself good enough for God. But rules and rituals have never cleansed people's hearts. By Jesus' blood alone we have our conscience cleansed, we are freed from death's sting and can live to serve God, and we are freed from sin's power. If you are carrying a load of guilt because you are finding that you can't be good enough for God, take another look at Jesus' death and what it means for you. Christ can heal your conscience and deliver you from the frustration of trying to earn God's favor. Bring your guilt-ridden life to Christ, confess your inability to clean up your own conscience, ask Him to forgive you. Thank Him for His deliverance. God can forgive you and clear your record.

Nothing can be hidden from God. He knows about everyone everywhere, and everything about us is wide open to His all-seeing eyes. God sees all we do and knows all we think. Even when we are unaware of His presence, He is there. When we try to hide from Him, He sees us. We can have no secrets from God. It is comforting to realize that although God knows us intimately, He still loves us.

Some of you may still remember when we found Mandis about 23 years ago in his village called Koli which belongs to the Matee tribe. As you can see on the photo, left, he was in a bad shape. His father had just recently died and his mother was not able to care for all her children as she was mentally unstable. We noticed that Mandis was rather neglected, severely malnourished and looked ill so we asked his mother and the tribal chief if they thought it was a good idea that he came to stay with us so that we could help him get back to health again. They both agreed and so Mandis came to live with us. We quickly discovered at a health check-up that his kidneys had issues. We took him to a kidney specialist who performed a biopsy on his kidneys to determine how bad his kidneys were. After two weeks we received the results and it was bad news. His kidneys were barely working and really needed a kidney transplant, but this wasn't possible at the time. The doctor prescribed some medicine and a diet to stick to, but he said it was just a matter of time before his kidneys would fail. I communicated Mandis's situation in our newsletter and asked people to pray. As a result, many people have been praying for years. One day a sister in the Lord in a small town in Australia called

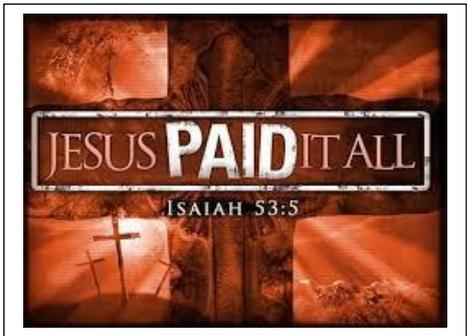

Mandis now never forgetting what Jesus has done for him.

Benalla, stepped forward in a church service and asked for prayer on behalf of Mandis. God touched her in such an incredible way that day, that she knew that Mandis was healed, and indeed Mandis was healed. God had done a wonderful miracle in his life by giving him new kidneys. The kidney specialist confirmed after examination that these were not the same kidneys as before. He said, "Mandis is a walking miracle" - and that he is. He now shares his testimony; how God has healed him miraculously to whoever he bumps into. What a wonderful God we serve.

Our 4 musketeers, Gerri, Oga, Meron & Atet at one of our small waterfalls on the property.

This coming 2nd June I (Ronny) will be finally going to Australia after 3 years. What a blessing that will be. For almost 2½ years Covid has prevented me to go home to be with my beloved Kay, children and grandchildren which is quite extraordinary to say the least. Hence I am so looking forward to spend some quality time with them all. Weekends I will mainly be ministering in various parts of the country but during the week days I will be back in Townsville catching up with family and friends. I am so looking forward to seeing how much our grandchildren have grown and to be able to hug everyone again and drink lots of "cuppas" together. I would appreciate your prayers for safe travels during a busy schedule and some great quality time with everyone before I head back to Borneo on the 19th July.

Our Mia & Kris.

How can we humble ourselves? Some people try to give the appearance of humility in order to manipulate others. Others think that humility means putting themselves down. Truly humble people compare themselves only with Christ, realize their sinfulness, and understand their limitations. On the other hand, they also recognize their gifts and strengths and are willing to use them as Christ directs. Humility is not self-degradation; it is realistic self-assessment and commitment to serve.

It is an awesome privilege to be able to approach God with freedom and confidence. Most of us would be apprehensive in the presence of a powerful ruler. But thanks to Christ, by faith we can enter directly into God's presence through prayer. We know we'll be welcomed with open arms because we are God's children through our union with Christ. Don't be afraid of God. Talk with Him about everything. He is waiting to hear from you.

Planning and Preparations for Living Waters Village's 20th Birthday celebrations.

Next year in 2023, we will be celebrating our village's 20th anniversary on the 27th – 31st July. Our village is a miracle zone where so many lives have been, and still are, rescued, changed and transformed, physically and spiritually. To make this village possible the Lord has brought us many volunteers and missionaries (locals and from overseas) with different talents and skills to work tirelessly together to make it a reality. But also many who were not able to come here physically - God has used them instrumentally as prayer-warriors, intercessors and financial supporters.

Our Erika.

Therefore, we are inviting all missionaries, visitors and volunteers who have served with us over the years, as well as past and current staff, children & students - to come and celebrate with us. We want to celebrate, Worship and Glorify God together, thanking Him for making this village possible against all odds.

If you would like to come and celebrate with us during this amazing event, please register with us now by writing an email to

visit@livingwatersvillage.com Let us know approximately when you plan to come, for how long and how many people will be coming. Even if you don't know all the details right now, register anyway. We need to start planning for accommodation, transportation and other logistics. During this week of celebration, we will also be celebrating our Dayak day where many of our tribes represented here in our village will perform in traditional dress and gear, dances and songs in their own tribal language to the Lord, thanking Him for another anointed year of being in His Presence and for all the blessings that we have received. All together it's going to be an incredible event not to be missed. We look forward seeing you here. Register NOW! Of course you can cancel your registration at any time, just let us know.

Our Anggun.

Our Bible College students eager to do their practical service for a few weeks, serving the Lord by serving people in remote regions which most of them are very familiar with.

All people die physically, but Christ died so that we would not have to die spiritually. We can have wonderful confidence in His saving work for us, doing away with sin – past, present and future. He has forgiven our past sin – when He died on the cross, He sacrificed himself once for all; He has given us the Holy Spirit to help us deal with present sin; He appears before God for us now in heaven; and He promises to return and raise us to eternal life in a world where sin will be banished.

Reaching out to the needy in our communities:

It has been a busy time yet again reaching out to the needy. There seems to be so many people in dire need that it's difficult to know where to start, who to help first, where to go. We always ask the Lord to show us and let us know who to help and how, since there is only so much that you can do. Our resources at Living Waters Village are always stretched to the limit, but because we all fast a meal each Friday afternoon, we are able to use the money we save from those 800 meals to help as many needy people as possible in the community.

Ibu Nurlela who desperately needed her foot amputated.

One of our pastors, Pastor Toher, is the one who has taken this ministry of Diakonia under his care. He takes several of our people, young and old,

around the region to see who we can help, and as a result comes across very disturbing situations. Food is distributed to the many hungry who are unable to work due to their illness or lack of work, which is scarce around the area. Funds are distributed to

individuals or families to buy urgent medicines or medical treatments.

One mother, Ibu Nurlela ended up at our place with a shocking foot already rotting away as a result of diabetic neglect as you can see on the photo above left. To spare her life her foot needed to be amputated but she had no money to do this. We were able to provide her with the funds for the operation as well as getting her on insulin so that she will be able to live with her diabetes. Of course we had to teach her what diet was important for her and the need to stick to it. She is staying here with us now and quite enjoying it although she is homesick to her village and garden.

Simon has liver cancer desperately requiring urgent medical treatment. We were able to help him with some finances and prayer.

Ibu Nurlela now much happier and enjoying every day living here with us in our village.

A while ago we helped another guy, Eddy (left), who needed his foot amputated due to a rare infection but had no money to do this. He was refused treatment at the local hospital because he had no money so they sent him home. It is hard to believe that someone in such a condition is totally neglected. He too would have died if he didn't get his leg amputated. Thankfully we were able to help him. Praise the Lord he is doing fine now, learning to live with one leg but grateful that he is still alive.

Caring only for your physical needs while ignoring your relationship with God will only lead to ruin.

When things are going well, we feel elated. When hardships come, we sink into depression. But true joy transcends the rolling waves of circumstance. Joy comes from a consistent relationship with Jesus Christ. When our lives are intertwined with His, He will help us walk through adversity without sinking into debilitating lows and manage prosperity without moving into deceptive highs. The joy of living with Jesus Christ daily will keep us levelheaded, no matter how high or low our circumstances.

No matter how trapped you feel in your infirmities, God can minister to your deepest needs. Don't let a problem or hardship cause you to lose hope. God may have special work for you to do in spite of your condition, or even because of it. Many have ministered effectively to hurting people because they have triumphed over their own hurts.

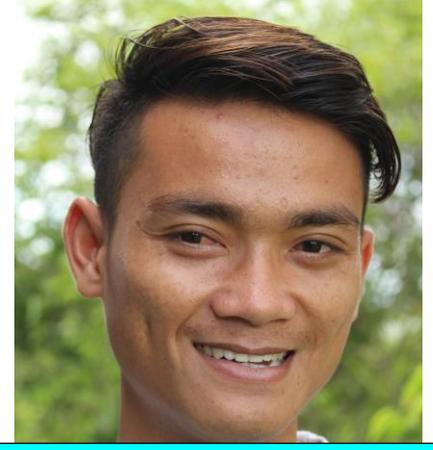

REMEMBER when **God** touched and healed them here?

Tomy when he arrived with cancer.

Tomy during chemo treatment days.

Tomy now healed and praising God never forgetting what Jesus has done for him.

Ezra now, never forgetting what Jesus has done for him.

Ezra (left) when we found him, severely mal-nourished and with advanced tuberculosis.

Let us think of ways to motivate one another to acts of love and good works. And let us not neglect our meeting together, as some people do, but encourage one another, especially now that the day of His return is drawing near.
Heb.10:24-25

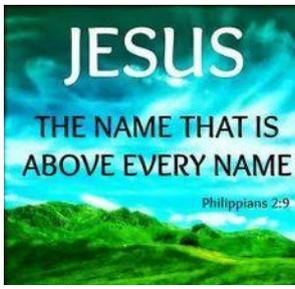

Our Erli when we found her (left). After many operations (above) to remove a deadly large fast-growing growth, which included her entire upper jaw. She is beautiful and the brightest of her class.

Erli now experiencing a new life physically and spiritually. She will never forget what Jesus has done and is doing for her.

If we are sensitive to the Holy Spirit's leading, we will see increased opportunities to share our faith, even in the face of opposition. We are not merely Christ's followers, we are His representative to others.

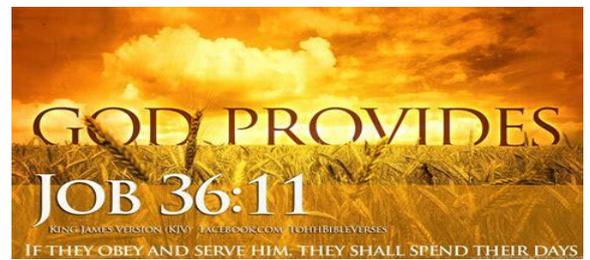

Some people talk a lot about faith, but that's all it is – talk. They may know all the right words to say, but their lives don't reflect God's power. But the Kingdom of God is to be lived, not just discussed. There is a big difference between knowing the right words and living them out. Don't be content to have the right answers about Christ. Let your life show that God's power is really working in you.

REMEMBER when **God** touched and healed them here?

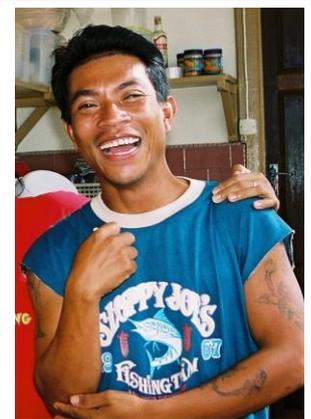

Pak Selatan when he came to our village the first time (far left). He had no money to even go to the doctor. We arranged to bring him to a specialist and quickly it was discovered that he had HIV. As a result his wife and 4 children all had to be tested. His wife unfortunately also had HIV. Both were put on medication. This is Pak Selatan (left) after 6 months treatment. They will never forget what Jesus has done for them. All praise to Him.

Our Leti (left) when we found her in her village in Central Borneo. After a lengthy process of many obstacles we finally were able to get her to a surgeon who performed a wonderful operation. Leti (right) is beautiful and she will never forget what the Lord has done for her. All praise to Him.

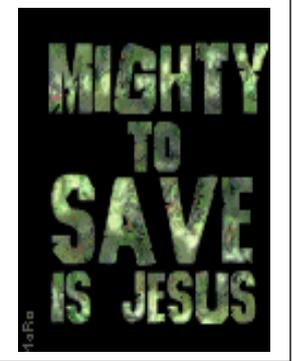

Our Nyunyu (right) when he arrived at our place with advanced typhoid. Shortly after his intestines perforated and was dying. God provided a life-saving operation with the help of a courageous surgeon and several blood-donors plus stacks of faithful prayer warriors who were praying for a full recovery. Through Nyunyu's testimony everyone in his family and many in his tribe have received Christ as their personal Lord and Saviour. Nyunyu (far right) will never forget what Jesus has done for him and his people.

My Jesus My Saviour

True forgiveness means that we treat the one we've forgiven as we would want to be treated. Is there someone you say you have forgiven but who still needs your kindness?

Judgment is not a popular theme today, but the Bible teaches that judgment is coming. Do you look forward to Christ's return, or do you see it as a threat? As sure as death itself, judgment awaits. At God's judgment there will be no higher court of appeal should the verdict not be to your liking. If you hope for a favorable verdict in this court, put your hope entirely on Jesus. Pray today – now if you haven't before – for the freedom and pardon Jesus has won for you. Then rejoice that God's judgment of you will be based on the perfect life of His Son, Jesus. After that, tell others, for many will face an unfavorable judgment without Jesus.

Building Projects Progress:

Currently we have so many projects in progress at the same time that it has become a little daunting to say the least. Sometimes I wonder whether we have started too much at once, but then again all the current projects are really urgent in order to help with the continuous influx of new children arriving. But praise the Lord, progress is being made and projects do get finished, but only so we can then start on the next one. It seems that the bigger our village becomes the bigger the projects become. But it is all very exciting to see more buildings and infra-structure finished and immediately used, enlarging His Kingdom. What an awesome God we serve.

Ezra house and Nehemiah house are now complete and have become a home for house parents and their families as well as a whole stack of children. And boy do they love it. It's so good to see how well they get on with each other and how a home built on the solid rock (Jesus) will prosper, immersing in The Word of God, learning Biblical values and principles, together with love which becomes the building blocks for shaping and forming their character and personality. It is truly a miracle to see many of these children, who have come from broken, loveless homes, now thriving, happy and such a blessing for everyone around them. Only the Holy Spirit can do that. Of course He often uses people to achieve His goal but He is the one pulling the strings if we allow Him through our faith and obedience.

David house and Jonathan house are almost finished. Most likely when you receive this newsletter both houses will already be occupied which is such a blessing. These houses are smaller but still can house 8-12 children & youth each with house parents. That will certainly alleviate some of the pressure off the Training Centre building which has become a bit overcrowded.

David house left and Jonathan house right.

The 12-classroom high school building is coming along great. The first floor is almost done and now scaffolding for the next floor level will be started soon. Of course we have a long way to go still but it is wonderful to see the progress being made.

The primary school building ceilings are finished but still much has to be done on this huge project. Extra class rooms have been created between various buildings to increase our class room capacity. A lot of work also has to be done on the school grounds. The entire

primary school is built, like most of our buildings, on a shaved off hill. The school grounds slope in all directions, hence we want to level the entire area out to make it more usable for school activities. It is already fenced off which is a huge blessing, but requires quite a lot more to make it suitable. We also need kindergarten playground equipment which will be under cover to protect it from the harsh scorching tropical sun, and fenced off for the little ones' protection. Hence still a long way to go but we are slowly getting there, praise the Lord.

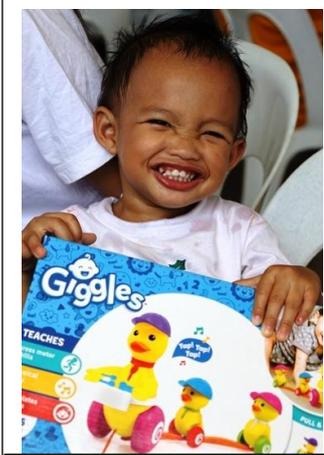

Are you a refreshing influence on others, or do your attitude and temperament add to the burden they carry? Instead of draining others' energy and motivation with complaints and problems, replenish their spirits by encouragement, love, and a helpful attitude.

Christmas celebrations:

Our last newsletter was in early December before Christmas. Since then, of course we have had our Christmas celebrations which was fantastic. Everyone thoroughly enjoyed all the festivities. Christmas here is all about Jesus. Who He is, why He came and how we can walk with Him every day. Many of the children and youth were involved in decorating the place, doing skits and drama's, dances etc. Meals with special treats were prepared by everyone and enjoyed by all, and gifts were also presented to everyone. For some, this was the very first Christmas gift they had ever received.

Our Miracle so excited.

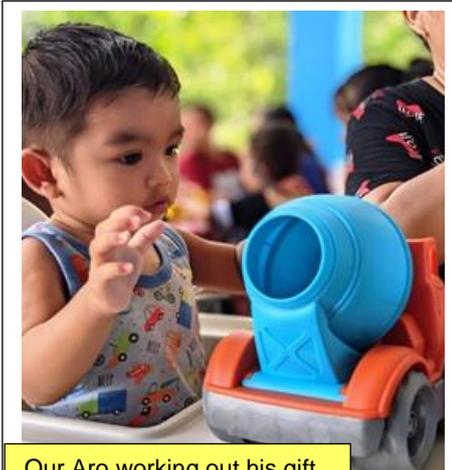

Our Leandra overwhelmed.

Their facial and body expressions said it all. They were so excited and happy to receive such a gift. Thank you to everyone who helped make it possible for all of our children, youth and staff to receive a wonderful Christmas dinner and lunch as well as receive an awesome gift which turned it into an unforgettable Christmas celebration.

Our Kelly's face says it all.

Our Aro working out his gift.

Our Eldo looking stunned with his gift.

Ready to help hand-out a soft drink to everyone. Only a few times a year this happens.

Our Kris & Meisya enjoying Christmas.

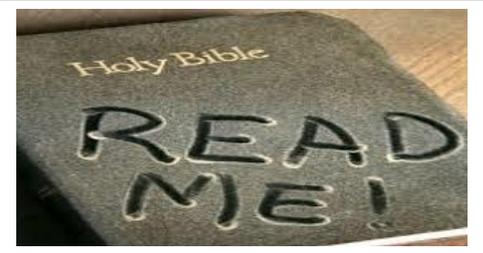

Salt can lose its flavor. When it gets wet and then dries, nothing is left but a tasteless residue. Many Christians blend into the world and avoid the cost of standing up for Christ. But Jesus says if Christians lose their distinctive saltiness, they become worthless. Just as salt flavors and preserves food, we are to preserve the good in the world and bring new flavor to life. This requires careful planning, willing sacrifice, and unswerving commitment to Christ's Kingdom. But if a Christian fails to be "salty", he or she fails to represent Christ in the world. How salty are you?

I pray that God, the source of hope, will fill you completely with joy and peace because you trust in Him. Then you will overflow with confident hope through the power of the Holy Spirit. Rom 15:13

Our Azel.

No one is without sin. As soon as we confess our sin and repent, sinful thoughts and actions begin to creep back into our minds and hearts. We all need ongoing cleansing, moment by moment. Thank God He provides forgiveness by His mercy when we ask for it. Make confession and repentance a regular part of your talks with God. Rely on him moment by moment for the cleansing you need.

Graduations:

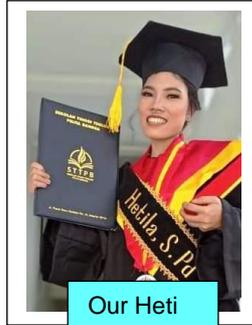

Our Ansel has finally graduated from university and is now a teacher in mathematics. Herpanus has also graduated and received his diploma in counseling. Our Darius, Heti and Mita have all graduated in theology and are already serving the Lord out in remote regions. We are super proud of all their achievements and thank God for His provision for them to be able to receive the opportunity to enjoy such an education. They are ever so grateful. Thank you to all those who have been supporting them making this possible. You are a blessing.

Our Ansel

Our Herpanus

Our Heti

Our Darius

Our Mita

We still have another 58 students in various universities and Bible Colleges throughout the country and we will be sending another 12 to start their first year. All of our University & Bible College students are fully supported by us. We make sure they have a good placement somewhere, safe and healthy accommodation and a great church they can link up and serve with. Each student is held accountable with regular checks throughout the year by our board-members. That way we make sure your sponsorships are used wisely and accounted for.

For donations and/or sponsorships please have a look on our websites www.livingwatersvillage.com under "donations" and click on your country for details.

Our book "Miracle Zone in the jungles of Borneo" is available now in many countries. Please visit our website to find out how you can order and purchase via the internet. Makes a great gift for anyone

Church-planters Fellowship.

On the 3rd March we had a one day LWV church-planters fellowship where all our church-planters and pastors got together to bring Glory to God through worship, teaching from His Word, and exchange with each other their successes, difficulties and challenges. They came from various regions far and wide where they have been serving the Lord in difficult and harsh conditions, yet enjoying their calling to bring the Gospel of love and salvation to those still without knowledge of His existence. We are so proud of each one of them and see God's hand so powerfully on them. Please pray with us for these heroes of faith, for their ministry in these remote spiritual dark places, for their health and protection and for many souls to come into His Kingdom as a result of their obedience. A huge thank you to those people who have contributed prayers and finances for this fellowship to be able to take place.

We have planned a 3-day fellowship from 1-3 November this year for the many Church-planters & Pastors from various denominations in remote regions. This is to give them an opportunity to meet other servants of the Lord and encourage and share with each other their ups and downs. A lot of organizing is involved. Each person has to travel from afar to be able to attend. Just the transportation costs alone exceeds US\$10,000.- for them all. Our ministry pays for that otherwise they cannot afford to come. Please pray with us for a wonderful fruitful time of fellowship.

Have you recently moved and **NOT** let us know your new address and/or email address yet? Please email us on ronnyheyboer@gmail.com to let us know your new address. Thank you in advance.

Our Mondri & Rivila thoroughly enjoying school.

Starting their school day with worship.

To keep ourselves from letting the world corrupt us, we need to commit ourselves to Christ's ethical and moral system, not the world's. We are not to adapt to the world's value system, which is based on money, power, and pleasure. True faith means nothing if we are contaminated with such values.

Some of our 800 children & youth plus who received a pair of new school shoes. A huge thank you to everyone who made this possible. You made a lot of children and youth very happy.

Just a reminder:

We are so grateful to all those people who send us financial gifts for the Lord's work here. These gifts/sponsorship payments are collected by our national trusts/offices in various countries whom are mostly volunteers, and they do a wonderful job getting these funds to us each month. Each month we receive the lists of the various donors with the amounts they have given. Although we would like to email a personal acknowledgement each time we receive a gift, it is almost impossible for us to do so. We would need to have a full-time administrator to do just that task, which we don't have. We do try to send a few acknowledgements each month but only if we have the time. Some banks however, don't give us the full information because of **'the privacy act'**. Hence, we may receive a surname and amount but no address details, therefore we don't always know which person it is who sent the gift.

In the UK we only receive a letter from our trust with the total amount received for the month. **The privacy act** there does not allow our trust in the UK to pass on any details of our sponsors or amounts they gave so it is impossible for us to write an acknowledgement to our sponsors that we received their gift. Only the trust can acknowledge that. We find this rather strange and rather disappointing. Even gifts for us personally we are not allowed to know who the sponsor is. **Only** if you directly email us, to let us know that you have sent a gift to our trust, will we know who it is. So, we do apologise if you haven't received a thank you from us as a ministry or personally. Rest assured though, your gifts are all used wisely, appropriately and according to designation. On behalf of everyone here in our village a huge thank you to all of you for your understanding and wonderful input into the Lord's work here.

Our Lala harvesting rice with the locals while harvesting souls.

Those who say they live in God should live their lives as Jesus did. To walk today as Christ did, we must obey His teachings and follow His example of complete obedience to God and loving service to people.

We wish you all a blessed **Easter. May we always remember the enormous sacrifice Jesus made for us because of His incredible love for us. May we continue to celebrate his presence and influence in this world and help spread his mandate to reach this generation of souls with the Gospel message of love and salvation.**

Frequently asked question:

How do I leave something to LWV in my Will?

It is best to contact your legal advisor, solicitor or the Public Trust Office or its equivalent in your own country, on how to do this.

Our ministry name:

**Rivers of Life Ministries Borneo.
and/or Living Waters Village Borneo
(Yayasan Sungai Kehidupan Borneo)**

Let's give Jesus thanks together

- The births of Kezia and Shine. Babies and mums are doing great.
- The purchase of another 1.6 hectare (3.95 acres) of land.
- All the new children that have arrived in the past few months who have settled in and are adjusting well.
- The beautiful wedding of our Mandis and Eta.
- For a blessed and safe resent ministry trip to Belgium, Singapore and California.
- For the wonderful health of most of our people here in our village. We keep on praying though for those that are still sick with Hepatitis B, Tuberculosis and HIV as well as other chronic illnesses.
- For the arrival of a new missionary couple from Kuala Lumpur, Malaysia, Vince & Jean. This is an answer to prayer as we need many more helping hands in this fast growing ministry.

He has Risen. Jesus is Alive.

Please pray with us:

- For Vivi and Jason who returned to Holland as Jason needed to start high school there. Vivi home-schooled Jason for the primary school years but high school would become increasingly difficult hence Lodi & Vivi decided best for Vivi and Jason to return to Holland. Lodi will remain serving the Lord here in Borneo and go to Holland a few times a year. A bit like what Kay and I are doing. Of course these are never ideal solutions but for now it seems like the only sensible one. Vivi will still be helping Living Waters Village with issues and tasks that need doing in Holland. Please pray for them as they make these sacrifices.
- For an anointed ministry trip to the United Kingdom from 22nd April - 16th May, Australia from 2nd June - 18th July, Singapore from 16th Aug – 30th Aug and Holland from 3rd Sep – 10th Oct.
- Please pray for all our pregnant mums, Celina, Rina & Lydia that they will have an enjoyable pregnancy and an uncomplicated delivery.
- For the wedding plans of our Busno & Mona who will be getting married in June here in our village.
- For the safety of all our children, youth, staff, missionaries and church-planters and our families. We live and serve in the largest Muslim country in the world.
- For the remaining pieces of land we believe the Lord wants us to have. There are still quite a few plots that need to be purchased.
- For funds to arrive for the foundations for the High School auditorium. Est: US\$20,292.-
- Funds for the foundations of 13 new Children's homes. Est: US\$10,496.- each. Some funds for this have already come in, praise the Lord.
- Funds to seal the next two km of our roads. Est US\$22,392.-
- For funds to come in for 1 more new 100 KVA generator from the UK. Est: US\$33,605.-
- Funds to arrive for another pick-up truck to carry goods. US\$31,791.-
- For continued favor with the many government departments we regularly have to deal with.
- For a continued stream of building goods to keep on arriving so that we can continue building accommodation for the many new children that arrive.

All of us here in our village thank you all immensely for your huge input in the lives of all our children and youth. You are a blessing. Thank you again. May our Lord Jesus Christ continue to bless you abundantly. Ronny, (Kay in Australia) and all our children, youth and team at LWV.

May the Lord richly bless both you and your children. May you be blessed by the Lord, who made heaven and earth. Ps.115:14-15
